

Eagle Pointe Golf Course

Project Description

The Eagle Pointe Golf Course and Recreation Center in Mont Belvieu, Texas is a first class facility that opened to the public in the spring of 2002. As Program Manager, Knudson, LP was responsible for scope creation, budget definition and control, architect and engineer selection, management of the design process, contractor selection, and negotiation of contracts.

Knudson, LP's expertise was crucial in identifying excess spending and creating costs-savings measures. An initial budget of \$20 million was expanded to \$25 million, with all additional costs recouped by the City of Mont Belvieu.
