

Eagle's Trace Retirement Community

Project Description

Knudson, LP was involved in the design and construction of this 3 neighborhood, 70-acre retirement community in West Houston. Eagle's Trace, the Baltimore based developers first project in Texas, is a master planned community comprised of residential units, planned landscape site lines, courtyard gardens and an 8-acre amenity lake. Knudson collaborated with a team of architects and engineers to plan the campus layout, main entry design, pedestrian circulation, and landscape planting that creates a unique and memorable community environment for residents and visitors.
