

# Long Meadow Farms Master Planned Community

## Project Description

Long Meadow Farms is a master planned community established in 2003 and located in Richmond, Texas. It is located off Highway 99 (Grand Parkway). At final build out, Long Meadow Farms will have approximately 2200 single family residential lots. Amenities include tennis courts, walking trails, pools, water playground, state of the art fitness centers, and nature area.

Knudson LP assisted the client with master planning the entire development as well as providing representation to regulating municipalities. Knudson LP has prepared General Plans, Subdivision Plats and Variance Applications on behalf of the Client for this development.

Knudson provided land planning and subdivision platting services for this development.
